

semi-round  
sensor can  
with liner pocket

## dynamic sensing

Our new sensor can adapts to your tasks. Its sensitivity increases during use so the lid won't close unexpectedly. It also features an innovative 'liner pocket' that stores and dispenses liners inside the can for a faster liner change.

## features

### no microbes, no smudges

We've infused our invisible fingerprint-proof coating with silver nano-particles to inhibit dirty microbes – cleaner and healthier.

### energy efficient

Lasts up to 1 year with 4 AA batteries.

### liner pocket

Keep liners where you need them. Dispense them one-by-one from inside the can for a faster liner change.

### neat and secure

Stainless steel liner rim flips up for a quick and easy liner change, then closes over the liner to hold it tightly in place and keep it hidden from sight.
